Senior Project- Use Case

**Use Case:** Using vetMove

**Primary Actor:** Veteran (user)

**Scope:** Benefits and services for veterans

**Level:** User

**Brief:** Veteran (user) logs into the system and uses it to their needs (Discover benefits, move, find employment etc.).

**Stakeholder:** Veterans, users of vetMove

**Postconditions:** Veterans find the information and contacts regarding how to obtain the services/benefits they are looking for on vetMove.

**Preconditions:** The services/benefits available to Veterans can be applied once they have the information.
